

Report of the Alumni Talk on Career Guidance and Professional Success for CSE and Allied Branch Students

Organized by

Department of CSE and CSE(AI/ML)

Dr. Sudhir Chandra Sur Institute of Technology and Sports Complex

Title: Career Guidance and Professional Success for CSE and Allied Branch Students

Speaker: Ms. Nidhi Shah (CSE Alumni of 2017-2021 Batch)

About the Speaker: System Engineer-Digital, TCS, Kolkata

Date and Time: 21/09/2026 from 08.00 PM

Venue: Online Mode (Google meet)

Number of Participants: 100

Objective:

- To connect current students with successful alumni of the institute.
- To provide students with insights into industry expectations and career growth.
- To guide students in preparing themselves for corporate and professional roles.
- To help students understand the skills required to succeed in the IT industry.
- To motivate students through the real-life experiences and professional journey of an alumna.
- To strengthen the relationship between the alumni, students, and the institution.

The **Department of CSE and CSE-Allied** of **Dr. Sudhir Chandra Sur Institute of Technology & Sports Complex (SurTech)**, organized an online **Alumni Talk** on **21 September 2026**.

The session was organized with the objective of strengthening the connection between alumni and current students while providing students with valuable insights into industry expectations, career planning, skill development, and professional growth. The session was coordinated by **Mr. Sanjoy Bhattacharjee**, Asst. Prof., CSE.

The session was delivered by **Ms. Nidhi Shah**, a proud alumna of the **2021 batch of the Department of Computer Science and Engineering**. She is currently working as a **System Engineer at Tata Consultancy Services (TCS)**. Her professional journey, experiences, and achievements served as a source of inspiration and motivation for the participating students.

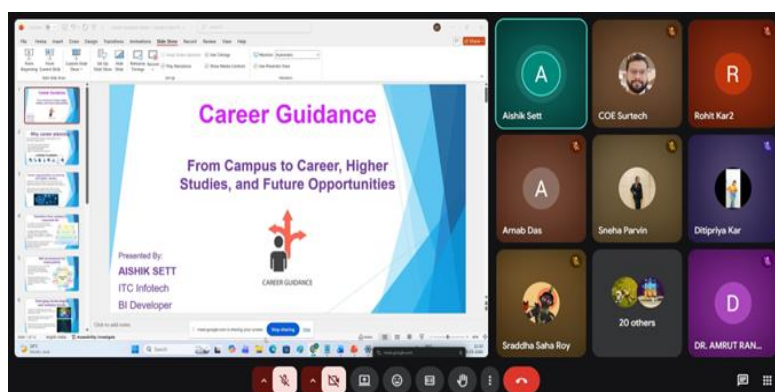

Session Highlights:

During the session, **Ms. Nidhi Shah** shared her academic journey at **SurTech** and explained how her experiences during college contributed to shaping her professional career. She discussed several important aspects of career development, including: The transition from college life to the corporate environment, key technical and professional skills required in the IT industry, the importance of combining strong technical knowledge with effective communication and soft skills, challenges encountered during the transition from academics to

professional life and ways to overcome them, The importance of continuous learning and adapting to emerging technologies, Effective preparation strategies for campus placements and recruitment processes, Practical tips for resume building and interview preparation, and Professional development and long-term career growth.

Outcome:

- Enhanced students' awareness of current industry expectations.
- Improved understanding of career opportunities in the IT sector.
- Increased student motivation and career clarity.
- Better awareness of placement and interview preparation strategies.
- Encouraged continuous learning and professional upskilling.
- Provided students with practical insights into corporate life.
- Strengthened the alumni–student–institution relationship.
- Encouraged greater alumni participation in student development and mentoring activities.
