

**Parents Teacher Meeting for B.Tech and Diploma CE Students  
Organized by Department of Civil Engineering  
of**

**Dr. Sudhir Chandra Sur Institute of Technology and Sports Complex**

**Title:** Parents Teacher Meeting for B.Tech and Diploma CE Students

**Number of Parents Attended:** 20

**Date:** 08.08.2025

**Platform:** Hybrid (Physical and Virtual)

**Objective:** To foster active communication between faculty and parents, addressing students' academic progress, participation in training programs, placement preparedness, and career planning, while strengthening collaboration for students' holistic development.

**Brief Insight:** The Department of Civil Engineering conducted a Parents–Teacher Meeting for B.Tech and Diploma students on 08.08.2025 in hybrid mode, enabling both online and offline participation. Over 20 parents attended, engaging in meaningful discussions on attendance, academic performance, ongoing training initiatives, and upcoming placement opportunities. Faculty members provided detailed feedback and clarified the department's efforts to enhance skill development and employability. Parents actively shared their perspectives and suggestions, making the session interactive and constructive

**Outcome:** The meeting successfully strengthened the connection between parents and the department, ensuring a shared understanding of students' academic standing and professional prospects. Parents expressed appreciation for the department's initiatives and committed to supporting their wards in improving attendance, academic consistency, and active participation in training programs. The session concluded with mutual agreement to maintain regular communication for the students' overall growth.
