Ms. Muskan Kumari, Alumni of CE Department (2025 Pass Out Batch), Graduate Engineer Trainee, Pinnacle Infotech

Date and Time: 7th October, 2025, 8.00 PM onwards**Number of Participants:** 20**Platform:** Online

Objective: The primary objective of the "Pathway to Pinnacle" Alumni Talk Session was to provide final-year students of the 2026 batch with crucial, last-minute guidance and strategic insights directly from recent alumni who have successfully navigated the recruitment process of Pinnacle InfoTech. With the company's interview session scheduled for October 9, 2025, this event aimed to demystify the interview format, clarify expectations, and equip participants with practical tips and confidence, thereby enhancing their preparedness and performance in the upcoming selection process.

Brief Overview of the Event: The Department of Civil Engineering at SurTech successfully organized an online Alumni Talk Session titled "Pathway to Pinnacle" on October 7, 2025, from 8:00 PM onwards. The session featured two distinguished alumni from the 2025 pass-out batch, Mr. Sumit Chatterjee and Ms. Muskan Kumari, both currently serving as Graduate Engineer Trainees at Pinnacle InfoTech. The event was strategically scheduled as a preparatory session for the 2026 batch students ahead of their interview with Pinnacle InfoTech. The session saw active participation from 20 final-year students who engaged in a dynamic and informative discussion conducted via an online platform.

Outcome of the Program: The session proved to be highly impactful and yielded several positive outcomes for the participating students:

- **First-Hand Insights:** Students gained authentic, first-hand knowledge about the specific stages of Pinnacle InfoTech's recruitment process, including the types of technical questions, group discussion topics, and the nature of the HR interview.
- **Clarification of Expectations:** The speakers clarified the key competencies sought by the company, emphasizing the balance between core civil engineering fundamentals, problem-solving abilities, and soft skills.

- **Practical Strategies:** Mr. Chatterjee and Ms. Kumari shared effective strategies for tackling technical rounds, articulating project experiences, and presenting oneself confidently. They also provided tips on how to research the company and align one's strengths with its values.
- **Boosted Morale:** The interactive Q&A segment allowed students to address their specific concerns and anxieties. The reassuring guidance from their immediate seniors significantly boosted the participants' confidence and morale just two days before their interviews.
- **Enhanced Preparedness:** The session served as a critical last-minute preparation tool, helping students refine their approach and focus their revision on the most relevant topics.

Conclusion: The "Pathway to Pinnacle" Alumni Talk Session was a timely and resounding success. It effectively bridged the gap between academic preparation and industry expectations by leveraging the invaluable experiences of recent alumni. The insights provided by Mr. Sumit Chatterjee and Ms. Muskan Kumari were not only relevant but also highly motivational. The Department of Civil Engineering is confident that this session has significantly fortified the 2026 batch students, providing them with a distinct competitive edge for their upcoming interviews with Pinnacle InfoTech. The event also underscored the strength and value of the department's alumni network in fostering the success of its current students.
