Report of Free Dental Checkup Camp

Organized by

Dr. Sudhir Chandra Sur Institute of Technology and Sports Complex (An Autonomous Institute)

In Association with Guru Nanak Institute of Dental Science and Research

Title: Free Dental Checkup Camp

Date & Time: 27.03.2025, 10.30 A.M. onwards

No. of Participants: 70

Objective: The primary objective of the free dental checkup camp was to promote oral hygiene awareness and provide comprehensive dental health assessments for the faculty members, staff members, and teachers of Dr. Sudhir Chandra Sur Institute of Technology and Sports Complex. Organized in collaboration with Guru Nanak Institute of Dental Science and Research, the initiative aimed to encourage preventive dental care, identify potential dental issues at an early stage, and guide individuals toward necessary treatments.

Brief Overview: Dr. Sudhir Chandra Sur Institute of Technology and Sports Complex (An Autonomous Institute) in association with Guru Nanak Institute of Dental Science and Research has organized a free dental checkup camp for the SurTech faculty members, staffs and students. The camp was conducted on 27th March 2025, starting at 10:30 AM. A team of experienced dental professionals from Guru Nanak Institute of Dental Science and Research facilitated the checkup session. The event was well-organized within the campus premises, ensuring easy access for all participants. Individuals underwent a thorough dental examination, including cavity detection, gum health assessment, and oral hygiene counselling. The dentists provided personalized advice based on each individual's oral health condition and recommended further treatments where necessary.

Outcome: The dental checkup camp witnessed active participation from faculty members, staff, and teachers, reflecting a strong interest in maintaining good oral health. Many attendees benefited from early diagnosis and received expert suggestions for better dental care.

Key outcomes of the camp included:

- Identification of common dental issues such as cavities, gum infections, and plaque buildup.
- Awareness about the significance of proper brushing techniques and regular dental visits.
- Encouragement among participants to adopt a healthier oral care routine.
- Personalized recommendations for those requiring further dental treatments.

The event successfully fulfilled its objective of spreading oral health awareness and providing essential dental care services. The faculty and staff appreciated the initiative and expressed their willingness to participate in similar health and wellness programs in the future.
