

In-house Internship/training for ECE students on STEM Robotics & AI by Livid design Inc
at the Department of ECE, SURTECH

Date and Venue: 30th June to 4th August 2025, Room 201

No of Student Participation: 57

Special Guest: The internship was conducted by Mr Saurabh Kumar, CEO, Livid Design Inc. Students learnt about STEP Robotics and AI from grass root level. Students in small groups, participated in solving real life problems. Each of them worked in live project for last 2 weeks of the entire time schedule.

OUTCOMES:

In depth knowledge of STEP Robotics and AI
Live project exposers.
Handling the operations of 3D printers.

Few glimpses of the event.
